How can the institutions achieve this? Graduates' responses and feedbacks can inspire a way. Birendra Bidhya Mandir Campus must make strategies and policies to make its programs highly relevant to practical life.

Birendra Bidhya Mandir Campus needs to establish good relationship with private and public sector organizations for job opportunities of its graduates. The campus requires to give guidance and counseling to its graduates for the preparation of government jobs and international jobs.

This trace study is very helpful in bringing institutional reforms to make teaching and learning more effective and enjoyable. We can also evaluate the relevancy of the campus programs and make them up to date with new information, technology and methodology.

Modern age is the age of competition. So campus programs must be prepared enough to provide quality education to its graduates and graduates must be capable enough to face the challenges in the market. Learners must be equipped with communication skills, team work, decision making skills. Our graduates must be confident to tackle all the problems successfully.

The campus should provide proper IT skills and research skills to its graduates. The extracurricular activities also should encourage its students to be smart.

Birendra Vidhya Mandir Campus also can make relationship with different organizations to recruit its graduates. It also can join hands with private sector. We can focus on quality, attribute, subjects and programs to empower our graduates.

Our Campus also should encourage its graduates to set goals in their life and to work hard to pursue the goal. Our campus needs to introduce technical and vocational education that has high value in employment.

Our campus is planning to enhance research culture among the graduates. All the faculties are encouraged to conduct this. Faculty members and graduates are also encouraged for research activities.

After the study, we have come to a conclusion that there are certain problems regarding the programs students study and the type of job they pursue. For instance, after completing Bachelor level in Management, the graduates are ready to take the job of teaching. There is a strong need of counseling and effective guidance.
